O R D E R

The Public Utility Regulatory Policies Act of 1978 requires the Commission to make a written determination to the Federal Department of Energy with respect to the above matters by November 9, 1981. Accordingly, the Commission is of the opinion and finds that in these special ongoing administrative proceedings an alternative procedure should be adopted in lieu of the customary practice of providing for the submission of briefs by the parties.

IT IS THEREFORE ORDERED That a proposed Commission Order addressing cost of service and the ratemaking standards shall be placed in the mail to parties of record on or before October 14, 1981.

IT IS FURTHER ORDERED That parties of record shall have until the close of business November 2, 1981 to file their comments with respect to the proposed Order with the Commission and to mail copies thereof to the other parties of record in their particular case.

Done at Frankfort, Kentucky, this 9th day of September, 1981.
